LabelManager 120P

Basic label maker with easy-to-use smart keys

LabelManager 120P

The new LabelManager 120P has quick access

buttons for the most popular features that people

use and want: bold text, vertical text, underline text,

boxed text and font size. No more looking for these

features, just press the quick access buttons.

Besides that, it's an all-purpose, yet basic abc style

keyboard portable label maker at a competitive price.

THE LABEL MAKER WITH YOU IN MIND

Label everything from personal files to storage racks.
The LabelManager 120P is a robust, all-purpose labeling tool
perfectly suited for general needs in the office or shop floor.
It is designed to endure daily use.

Take it anywhere you need professional looking labels.
The result is fewer lost files, a better organized workplace,
and more accurate stock inventory, to name just a few
possibilities. A more professional and effective work
environment always has a direct effect on the bottom line.

QUICK GLANCE LABEL MAKER FEATURES

- The graphical display shows exactly how your label
  will print. This means no more guessing what the label
  will look like. What you see is what you get!
- Easy navigation from start to print.
- Quick access buttons to symbols and diacriticals
  (for instance é, à, ç,...).
- Auto power-off to extend battery life.
