WHEN IMAGING MATTERS

Get More From What You Already Have

No need to buy another printer, or an expensive, integrated MFP to get multi-function. Multi-function color system supports most printers and office equipment. Space-saving, flexible design fits in even the smallest of offices – and works with your existing printer. Intuitive touch-screen, plug-and-play operation and multi-function features make it easy for everyone in your office to use, and save you money.

Work Better Together

Show and tell! Improve collaboration across departments, with sub-contractors, and customers. Share ideas, blueprints, drawings, sketches, and changes and revisions to drawings in seconds with scan-to-net or scan-to-email capabilities. Easy-to-use, multi-function system makes ideas readily available for everyone to see, understand, and consider.

Attract and Keep Customers

Deliver superior customer service by keeping customers and stakeholders up to date with printed copies of revisions. Provide sharper, more accurate copies and scans with 1200 dpi optical resolution. Save time and money by making copies in-house, keeping your presentation costs low, and helping you compete more efficiently for new business.
