**BREAK-THROUGH PRICE**

# Low-cost way to scan, copy, and communicate

Do you waste precious time trying to communicate the changes made to drawings and plans to your clients and colleagues? Do you want to reduce out-of-house scanning and copying costs but hesitate to invest in a pricey professional scanner? Now there's an easy and affordable way to scan, copy, and distribute wide-format documents, plans, drawings, and changes from wherever you work. Rugged and reliable, the Contex XD2490 24-inch sheet-feed wide-format scanner is easy to use and designed to fit the way you work - at a price you can afford. Now you can work more efficiently, while saving time and money.

**Save time and get more for your money**

Work faster and save money by scanning and copying wide format drawings, plans, and technical documents right where you work. Scan changes to drawings, documents, and blueprints and e-mail to clients and colleagues instantly. One-touch buttons make it easy to set-up, learn, and use. Rugged, yet light-weight, this scanner is easy to move and fits on any desktop or table. It is also available with a special MFP stand that places the scanner above your wide format printer. A robust, reliable scanner also ensures uninterrupted operation and lower costs. With the exception of the scratch-resistant scanning glass, there are no parts to break or replace.

**Improve your workflow and communicate effectively**

Avoid delays and save on courier and out-of-house printing expenses. E-mail changes to plans and documents right from the scanner. The optional MFP package saves space and puts copying and scanning tasks right at your fingertips. This professional sheet-feed plug'n'play scanner fits with your existing software and printers, including Microsoft Office to keep your business running smoothly. Get precise, accurate images with high 1200 DPI optical resolution and save on file space with intelligent 8-bit indexed color capture – ideal for archiving many types of files.

**Key Features**

- High-speed, affordable scanning and multi-function solution
- Ideal scanner for A1 or smaller documents and drawings – up to 24-inches wide
- Optional MFP package makes copying simple – a perfect fit for your wide format printer
- Works with your existing printers and software, including Microsoft Office
- Scan-to-file, scan-to-print and scan-to-email
- Simple and powerful Nextimage software with clear controls
- 1200 dpi optical resolution for sharp, accurate images
- High accuracy provides distortion-free image capturing
- Scans and saves documents in many different fileformats including TIF, JPG and PDF
- Face-up scanning – see what you are scanning and protect fragile documents

MFP option saves space and puts wide format copying at your fingertips.
