### FAST PRINTING FOR BUSY LIVES

Whether it's a vital work document or gig ticket, get what you need when you need it, thanks to an upgraded print head and increased number of nozzles supercharging productivity, resulting in super-fast First Print Out (FPO) speeds of 7.5sec for a monochrome print or as quick as 9.5sec for your first colour document. Everyday printing tasks can be completed in no time without compromising quality with print speeds of 14.0 ipm mono and 9 ipm colour.

### SUPERIOR QUALITY WITH PIGMENT BLACK INK

Experience clearer prints that are easier to read with intelligent dot placement and ink optimisation, delivered by our FINE cartridge system and updated pigment black ink.

### EASY TO USE

Intuitive settings and an easy to use operation panel tilted at a 10° angle makes using this printer a breeze.

Streamlined for the space-conscious, we've shrunk the width of the printers and full front control to sit on shelves without requiring rear access.

### ACHIEVE SIMPLE SETUP WITH WIRELESS CONNECTIVITY

Printing, scanning, copying and connecting to the cloud has never been easier – simply connect to the Canon PRINT app or PIXMA Cloud Link to get underway. You can also print wirelessly directly from you mobile devices such as your smartphone, tablet, or laptop via AirPrint (iOS) or Mopria (Android)<sup>1</sup>
